Features

- UL Listed. Suitable for indoor/outdoor use.
- Made from high quality virgin PVC. Smooth inside for easier wire pulling, no hazardous sharp edges or burrs, will not damage conductors. Light weight and lower installed cost.
- Used to terminate and seal liquid. Resists salt water, weak acids, gasoline, alcohol, oil, grease, and common solvents.
- Connectors can be used with tapered thread female entry or unthreaded knock-out using the provided sealing washer and locknut.
- No disassembly required & reusable. No threading of the conduit or tubing required to install, eliminating the possibility of cutting the conduit and creating leak paths.
